INSTRUCTIONS

- Print it out on cardstock paper at actual size (100%).
- It might be easier to go ahead and write in your "To and From names" now while everything is flat.
- Fold along the dotted line from A-to-B. Then unfold it.
- Fold along the dotted line from C-to-D. Then unfold it.
- Cut out the pattern along the solid blue outline.
- Fold the rest of the folds on the dotted lines.
- Glue the Side Tab so the "You're sweet" side is attached to the "Be Mine" side.
- Flap 1 and Flap 2 reinforce the bottom of the box. Fold them in, they don't need glue. Then fold in the bottom panel and glue the Bottom Tab.
- Insert your gift into the box, fold in the two purple flaps and then the top.
- Give it to someone fun!
- Happy Valentine's Day!
